PROJECT DESCRIPTION / SUMMARY

Note the proposal summary is to include how the project will benefit the underground coal industry in Canada; define the objectives of the project and how the project will be carried out. The short proposal must include an executive summary, objectives to be achieved, expected outcomes and benefits, summary of the steps to be taken to complete the project, list of people who will be responsible for the preparation of the final report and of course budget. The short proposal summary is not to exceed 4 pages in length.

Having a standardized form and guidelines will allowed any participant to make a request for a particular project.
